

## **MIDDLE STATES ACCREDITATION FOR GROWTH PROGRESS UPDATE, DECEMBER, 2003**

Manasquan High School is engaged in the Middle States accreditation process. On March 24, 25, 26, 2004 a Validation Team will be visiting the high school. This team will consist of 4 educators who may come from New Jersey, Pennsylvania, Maryland, or Delaware. This team will evaluate our planning process and action plans for achieving our objectives. In preparation for their visit our Planning Team has developed two objectives that we will be pursuing over the course of the next five years, at a minimum. These objectives are included here, along with our mission statement. Please take a few moments to read them over. If you have any questions on the objectives or the process of accreditation please contact Dina Elms, Diane Marklein, or Jane Tully at the addresses listed here.

### **Mission of Manasquan High School**

Manasquan is a traditional yet innovative High School committed to empowering students from many communities to reach their potential through a diverse curriculum, to respect themselves as well as the rights and dignity of others, and to become life-long learners and productive citizens.

#### **OBJECTIVE #1**

By the year 2012, Manasquan High School students will demonstrate improved mathematical knowledge and skills.

#### **OBJECTIVE #2**

By the year 2012, Manasquan High School students will demonstrate improved relationships within the school and community.
